

# Levels of Touch

The exhibition presents works by a trio of graduates from the Academy of Fine Arts and Design in Bratislava and the Academy of Arts in Banská Bystrica. The artists present their work in a joint project where they process their theme using different creative techniques and both classic artistic and digital media. Any kind of touch might be not just pleasant and aesthetic, but also stimulating to human senses and able to generate some disturbing processes.

Nitra Gallery and the artists invite you to the exhibition **Levels of Touch**.
